

Amisha Singh

Second Year Software Engineering Student – Auckland, New Zealand

GitHub github.com/amisha-171 / Phone 021 118 4959 / Email amishas171@gmail.com / LinkedIn bit.ly/3yt9QC4

EDUCATION

2021 – CURRENT BACHELOR OF ENGINEERING (HONOURS) IN SOFTWARE ENGINEERING

The University of Auckland. **Graduating November 2024**. Current GPA of 8.083 (A average).

TECHNICAL SKILLS

- HTML, CSS and JavaScript.
- Java (Object-oriented programming), JavaFX
- Some MATLAB, C and React.
- Git and GitHub for version control.

EXTRACURRICULAR

- **2022 – PRESENT** Prominent member of the Software Engineering Student Association (SESA), Web Development & Consulting Club (WDCC) and the Women in Engineering Network (WEN).
- **2022** – Volunteer for Enginuity Day, run by WEN. **200** high-school girls visited Auckland University for an engineering degree type experience. I worked with a **team of six** and ran activities showcasing software engineering aspects to these young girls.
- **2022** – Participated in a Unit Testing workshop of about **20 students** at Nintex.

ACHIEVEMENTS & PROJECTS

- **2022 – SESA & WDCC Hackathon BEST IN UX/UI DESIGN AWARD** – Produced TaskFighter a gamified to-do list web app where you attack a monster when ticking off tasks to make productivity less boring. This was done in a **team of six**. The project is now ongoing and will be further developed and improved. Created using **HTML, CSS, JavaScript, with React**.
